

California OES Weather Threat Briefing

Saturday, November 28, 2020
9:00 AM PDT

- **Day 1 (Saturday):** Critical fire weather conditions continue over portions of southwest California through late afternoon with gusty winds and very low humidity

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

11/28/20 - 12/04/20

Saturday

- Critical fire weather conditions continue through this afternoon for the Santa Clarita Valley, Ventura County Coastal and Interior Valleys, Los Angeles County Mountains, Angeles National Forest, Santa Monica Mountains Recreational Area, Ventura County Mountains, and Los Padres National Forest
 - Santa Ana winds will remain gusty up to 45 mph, slowly diminishing through the afternoon
 - Very low humidity also expected
 - New fires could still spread quickly today with these expected conditions

Sunday-Friday

- Elevated fire weather conditions may linger across southwest California Sunday as winds remain a bit gusty, though not nearly as strong as those expected today
- Another round of stronger Santa Ana winds and elevated fire weather conditions is possible Tuesday through Thursday across southern California
- Some very light precipitation also possible across far northern California on Monday
